WhatsApp +39 327 890 8586

I help water contractors and pipe & valve suppliers in Southern Africa price and buy parts directly from manufacturers in China. The manufacturer quotes, invoices and ships to you; I handle the specification, samples and follow-up on your side.

HOW A QUOTE WORKS

1 · Day 0	2 · Day 1-3	3 · On approval	4 · Order
You send the items BoQ lines or 2-3 sizes, with the standard, pressure class and quantity.	Factory prices back From 2-3 manufacturers in the Tianjin and Zhejiang clusters, compared line by line.	Samples & documents Test reports and datasheets from the manufacturer; samples dispatched by courier.	Factory ships to you Invoice and bill of lading issued by the manufacturer, FOB China or CIF Durban.

PRODUCT RANGE

PRODUCT	TYPICAL RANGE	STANDARDS WE QUOTE AGAINST
 Resilient-seated gate valves	DN50-DN600, PN10/16, ductile iron, FBE coated	SANS 664 · EN 1074 · EN 1171
 Butterfly valves	DN50-DN1200, wafer, lug, double-flanged, gear operated	EN 593 · SANS 1123 flanges
 Air valves & check valves	Double-orifice air valves, swing and silent check valves	SANS 1808 · EN 1074-4
 Mechanical couplings	Wide-range, long-sleeve and step couplings, 50-437mm OD	SANS 1808-2
 Repair clamps & dismantling joints	Stainless repair clamps, tapping saddles, flanged dismantling joints	SANS 1808-44/45 · EN 1092
 Water meters & boxes	DN15-DN50 volumetric and multi-jet, STS prepayment, meter boxes, couplings	ISO 4064 · MID · SANS 1529
 HDPE fittings	Electrofusion and butt-fusion, stub flanges, compression fittings, dn20-630	ISO 4427 · SANS ISO 4427
 Flanged ductile iron fittings	Bends, tees, puddle flanges, reducers, flange adaptors	SANS 1123 · EN 545

Standards listed are what quotes are prepared against. Certification status is confirmed per manufacturer and per item with each quote.

WITH EVERY QUOTE

- Manufacturer name, city and product datasheet
- Unit price per line, FOB China and CIF Durban
- Minimum order, production lead time and shipping time
- Coating, seal and material specification
- Available test documents: hydrostatic test report, material certificate, coating thickness
- Third-party inspection option before shipment (SGS, BV or similar), at buyer's choice

WHY FACTORY DIRECT

- No stock and no resale margin in the middle, so you see the factory price
- Your contract and invoice are with the manufacturer that made the part
- One English-speaking point of contact for specs, samples and follow-up
- Two or three manufacturers compared on each line, not a single catalogue

COMMERCIAL TERMS

Samples	Sample and courier cost paid in advance, credited against the first order.
Payment	30% deposit, balance against copy of bill of lading; or irrevocable L/C at sight for larger orders.
Incoterms	FOB Tianjin / Ningbo / Shanghai, or CIF Durban. Other ports on request.
Local content	Where a tender carries SBD 6.2 / MBD 6.2 local content requirements, we quote components and castings for local assembly rather than finished items.
Response time	Prices within 3 working days of receiving complete specifications.

TENDERS WE'RE TRACKING

REFERENCE	BUYER	SCOPE	STATUS
JW OPS 027/26	Johannesburg Water	Mechanical compression couplings, 50–437mm, SANS 1808-2	Closes 26 Oct 2026
JW OPS 050/25	Johannesburg Water	STS prepayment water meters and technical support	Closes 21 Oct 2026
CES 07/2026	Drakenstein Municipality	Valves, hydrants, non-return and air valves, to 2030	Closes 15 Oct 2026
30603-5W	eThekweni Water & Sanitation	Supply of valves, 36-month framework, R196m	Awarded Mar 2026

PRODUCT PHOTOS

Examples of the parts we quote. Photos supplied by the manufacturers and used with their permission.

Resilient-seated gate valve

Ductile iron QT450, PN10/16, flanged, epoxy coated

Flanged butterfly valve

Ductile iron body, stainless disc, gear operated

Double-orifice air valve

Ductile iron QT450, flanged, PN16/25

Repair clamp

Ductile iron split repair clamp, epoxy coated

Multi-jet water meter

DN15 domestic meter with brass couplings

HDPE electrofusion coupler

PE100 water service, with barcode for fusion data

Flanged ductile iron bend

Double-flanged, cement or epoxy lined

More on request
Mechanical couplings, dismantling joints and STS prepayment meters: photos and datasheets sent with the quote.

More photos, datasheets and test reports for each item are sent with the quote.
